

DON'T BE MISINFORMED!

Should you support Sex Education as mandated by Reproductive Health Bill No. 5043?

Take this simple test to find out.

1. Do you agree that our children be given Sex Education for 7 years starting from grade 5? Yes No

(Read Section 12 on Mandatory Age-Appropriate Reproductive Health Education)

2. Do you agree that the Population Commission develop the modules to form our children's attitudes, beliefs and values about sex, sexual identity, sexual behavior, sexual health and gender roles? Yes No

(Read Section 12 and Section 4 letter h on the Definition of Reproductive Health Education)

3. Do you agree that the Population Commission teach our children the distinction between facts and myths regarding sex and sexuality? Yes No

(Read Section 4 letter h)

4. Do you agree that our children be taught Sex Education as a class, notwithstanding the different stages and readiness each child has to receive such sensitive information? Yes No

(Read Section 12)

5. Do you agree that our children, from age 10 to their adolescent years, be taught that it is their right to have a satisfying and "safe" sex life? Yes No

(Read the Guiding Principles Section 3, letter l and the Definition of Reproductive Health Section 4, letter c)

6. Do you agree that our children, from age 10 to their adolescent years, learn the use and application of family planning methods? Yes No

(Read Section 12 letter f)

7. Do you agree that our children's moral and religious beliefs regarding sensitive issues like abortion be challenged and discussed in the classroom apart from the guidance of parents? Yes No

(Read Section 4 letter h)

If you answered No to any of the questions above, then you are not for Sex Education as mandated by Reproductive Health Bill No. 5043. Let us not allow the State to form our children's moral and ethical values regarding the sensitive matter of their sexuality.

Inform others about the dangers of allowing this bill to pass.
